ABOUT ME

Project Manager and Construction Coordinator with 7+ years delivering complex builds across retail, hospitality, healthcare, and residential sectors. Architectural training bridges design intent and structural execution. Bilingual (EN/ES), solution-oriented, and consistently proven managing 6+ concurrent projects on time and on budget.

WORK EXPERIENCE

CM Morales S.A.S — Jan 2024 — Present

Administrative Site Resident — Project Coordinator

- Lead end-to-end coordination of PRANIK COLIVING (1,608 m²): scheduling, procurement, team oversight, and regulatory compliance for a 36-room hospitality renovation.
- Track milestones and deliverables across subcontractors and suppliers; manage budgets, purchase orders, and weekly status updates for all stakeholders.
- Coordinate structural reinforcements, facade overhaul, elevator installation, and emergency stairway execution within scope and budget.
- Manage administrative documentation including progress reports and cost variance tracking.

Espiral Studio — Dec 2021 — Dec 2023

Site Resident & Project Coordinator

- Managed 6+ concurrent commercial projects across retail and food service — budgets, personnel, and materials from kickoff to handover.
- Prepared and monitored detailed project budgets; identified cost variances and implemented corrective actions.
- Coordinated B2B communications with clients, contractors, and suppliers on behalf of the lead architect/PM.
- Notable: IKEA Viva Envigado, Bodytech Éxito Robledo, Dollarcity Éxito Itagüí.

Contacto Arquitectura — Apr 2019 — Dec 2021

Site Resident & Space Personalization

- Coordinated construction across healthcare, corporate, commercial, and residential sectors; managed schedules, budgets, procurement, and team assignments.
- Prepared cost estimates for residential and commercial remodeling projects.
- Key projects: Cedimed health centers, Arus cooperative HQ, Restaurante Akashi.

Tigo Une — Jan 2018 — Jun 2018

Design & Facilities Management Intern

- Designed interior workspace layouts compliant with occupational and safety standards.
- Managed planimetry updates and space adaptation projects across multiple corporate locations.
